

Art Quilts & Quiltlets

Art quilts take the idea of a traditional quilt and expand it. Cloth maybe painted, dyed, printed, bleached, textured, slashed, appliqued, fused, beaded, embroidered, embellished with found objects... well, you get the idea. Anything goes.

Finished and framed art quilts can be hung on your wall just like any other artwork.

Quiltlets are small scale quilts that can be used to try out the design elements mentioned above and more as time allows. This workshop will show you how.

Classes offered locally, email for more information
