

# Knitwear

Loom knitting produces lovely open stitches that trap warmth for coziness and look good while doing it. These scarflettes and wraps are worked with acrylic boucle yarns in either double or single warp.

The wrap is one piece so it can sit easily across the shoulders in different styles. The scarflettes come with either attached buttons that will close anywhere within the stitching or with a button closure that threads through the layers.

*Double stitch detail from one-piece wrap*

- Fully washable acrylic yarns
- Short length (32") eliminates bulk in neckline area
- Open stitches provide stretch where needed
